

Workshop

Build Your Own Solar Thermal Collector

I apologize for the **cancellation** of the workshop that was scheduled for November at the Sustainable Living Centre in Minden. A number of factors made hosting the workshop this fall impractical. The workshop will be rescheduled for some time in the spring. Please check this page for updates or contact the Sustainable Living Centre at the Kinark Outdoor Education Centre for updates. The Centre's website is

(http://www.sustainablebuilding2006.ca/content/index.php_page=home)

Thank you.
